

Designed for Joy

CIVIC

Joy has no limits.

When it comes to joy, there should never be any limits. That's why when it came to the design of the iconic Honda Civic, nothing was off limits.

We upgraded everything. The entire exterior has been refined with swooping curves – making it as sleek on the outside as it is seamless on the inside.

There, you'll uncover a suite of intuitive tech and superior design touches – the culmination of 50 years of limitless innovation. All of which is designed to fill you with joy from the moment you take the driver's seat.

Because when it comes to the joy of the iconic Civic, limits are just so... limiting.

ELEVATE

Overseas model shown.

The limits are off.

Every aspect of the Civic has been elevated into another stratosphere of style, sophistication and luxury.

Front Door Red Ambient Lighting

An elegant touch of red light illuminates the cabin for added ambience.

Black Leatherette Seats with Red Accented Suede^o

As stylish as they are comfortable, these luxurious black leatherette seats with red suede accents are a real treat for your seat.

Bose[®]* Speakers

A 12-speaker premium sound system with subwoofer makes for some very immersive listening.

Refined Finishes

Strategically crafted pattern helps make scratches, dust and fingerprints inconspicuous.

Minimalist Interior with Concealed Vents

We lowered the dash to elevate your point of view and concealed the air vents behind a distinctive honeycomb panel to create an airier, more joyful cabin. It's truly a sight to see.

*Bose is a registered trademark of Bose Corporation. ^Only available on e:HEV LX grade.
^oOnly available on VTi LX grade.

Panoramic Sunroof[^]

Bask in the natural light with a stylish and sophisticated panoramic sunroof that spans from the front to the back seats.

Pushing the boundaries of power and efficiency.

The genius of Honda engineering has pushed the limits and raised the bar (once again) with a powertrain and body structure that combines excitement and efficiency into one extremely enjoyable package.

1.5L Turbo Engine

Turbocharging your joy with 131kW* of power and 240Nm of torque in the VTi LX.

Continuously Variable Transmission

Provides a silky smooth, seamless wave of power and maximises fuel efficiency.

GENIUS

Fuel Economy

The VTi LX sips fuel to help you save money with just 6.3L/100km.*

Earth Dreams Technology

Engineered to minimise your environmental impact and maximise your performance.

Strong & Light

Super strong and safe yet light and flexible. It's safe to say the Civic handles itself well.

*Fuel consumption figure quoted based on ADR81/02 test results. You may experience different results depending on driving conditions and the condition of your vehicle.

*VTi LX Petrol grade only. Overseas model shown.

The latest evolution of self-charging

HYBRID

e:HEV

2-Motor i-MMD Hybrid System

Unlike traditional mild-hybrids, the e:HEV LX's engine aids the electric motor – not the other way around. The result? A smoother, more joyful driving experience.

Regenerative Braking

Forget charging stations. The e:HEV LX takes the energy you generate from braking and turns it into electricity that charges its own battery. Handy.

Fuel Consumption

Go further for less. With e:HEV technology at the helm, you can expect 4.2L/100km.#

Reduced Emissions

With fewer pollutants and only 96g/km# emissions, the Civic Hybrid is another step towards a greener society.

The Civic's intelligent hybrid system seamlessly switches between three modes to give you optimal performance.

Electric Drive

Delivers instantaneous acceleration from stationary start using the energy stored in its battery.

Hybrid Drive

Where the petrol engine and electric motors work together to provide a joyful driving experience.

Engine Drive

Uses the petrol engine to help you maintain high speeds while also charging the battery at the same time.

Super Seamless. Extremely Enjoyable.

Android Auto™# and Wireless Apple CarPlay®^

Stay connected on the go. Music, maps and more. They're the gold standard of seamless connectivity.

Wireless Charging~

Simply set it down to get charged up. No cords required.

^Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. CarPlay and Siri requires iPhone 5 model and above running iOS 7.1 or higher. #Google, Android and Android Auto are trademarks of Google LLC. To use Android Auto on your car display, you'll need an Android phone running Android 5.0 or higher, an active data plan, and the Android Auto app. ~Feature only compatible with devices that support or can be upgraded to support wireless charging. Check the compatibility of your device with your device manufacturer.

Tech without limits.

9" High Mounted Touchscreen Display

Keep your head high and eyes on the road with a crystal clear touchscreen that stands at the ready. Also features 5 years of 'over the air' map updates.

LCD Instrument Panel

Everything you need to know (and a bit more) conveniently displayed right behind your steering wheel. So you always know what's happening in real time.

Integrated Washer Nozzle

Focuses the spray in the direction your wiper is headed. Keeps things as clear as can be, even at night with the glare of oncoming headlights.

A few more intuitive touches...

Dual Zone Climate Control

You and your passenger can individually select their perfect temperature while Plasmacluster[®] filtration freshens the air as you drive along.

Walk Away Auto Lock

Simply walk away with the key FOB in your pocket and the doors will automatically lock. Easy as that.

Bose[®]* Dynamic Speed Compensation

The faster you go, the louder the audio volume becomes. As you slow down, and road noise decreases, the volume does too. So smart.

Climate Control

Remote Lock/Unlock

Automatic Collision Detection

Lights On/Off

Honda Connect.*^

Dive into another frontier of convenience with a suite of connectivity and safety features right at your fingertips. Connect with Joy today!

Climate Control

How great is stepping into a heated car on a chilly day? With climate control, you can prepare your Honda in advance by setting temperatures to keep you and your passengers comfortable as soon as you step inside.

Remote Lock/Unlock

Worried you forgot to lock up? Does a passenger need access, but they don't have a key? With Honda Connect you can remotely lock or unlock your Honda from anywhere with a simple tap.

Lights On/Off

Never lose your car in a parking lot! With Honda Connect, you can remotely interact with your vehicle and locate your car by switching on the headlights and taillights.

Automatic Collision Detection

In the event of airbag deployment, a notification will get sent promptly to the device logged into Honda Connect. The app will also alert a Honda Connect Customer Care agent.

Scan to learn more
about Honda Connect.

*Honda Connect only available on the Civic e:HEV LX. Remote vehicle features vary by model and not all vehicles will have all features.

^Vehicle related Honda Connect app features are only available if your vehicle is linked to your Honda Connect account and connected services are activated.

Honda Sensing[†]

Honda
SENSING

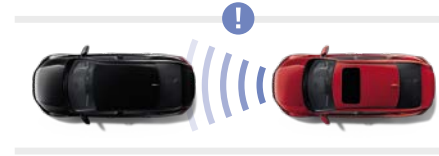

Lane Keeping Assist System (LKAS)

Provides steering input to help keep the vehicle in the middle of a detected lane and provides audible and visual alerts if the vehicle is detected drifting out of its lane.

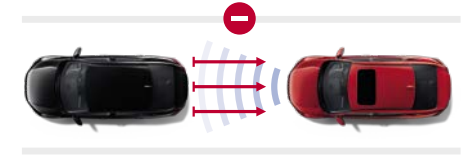

Lane Departure Warning (LDW)

When the vehicle enters the warning area, the LDW alerts you with slight steering wheel vibration as well as a warning display.

Forward Collision Warning (FCW)

Alerts you when it detects the possibility of your vehicle colliding with the vehicle in front of yours.

Collision Mitigation Braking System (CMBS)

CMBS is designed to alert you when a potential front collision is determined, as well as to reduce your vehicle speed to help minimise collision severity when a collision is deemed unavoidable.

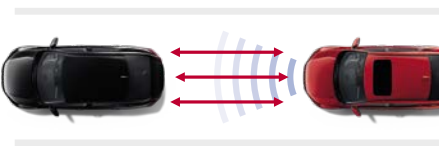

Traffic Sign Recognition System*

Reminds you of certain road sign information such as the current speed limit your vehicle has just passed through showing it on the gauge.

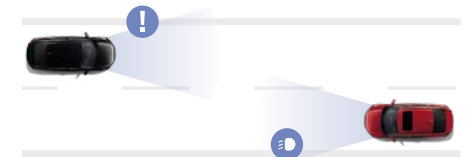

Road Departure Mitigation System (RDM)

Alerts and helps to assist you when the system detects a possibility of your vehicle unintentionally crossing over detected lane markings or approaching the outer edge of the road surface or a detected oncoming vehicle.

Adaptive Cruise Control (ACC) with Low Speed Follow (LSF)

Helps maintain a constant vehicle speed and a set following interval behind a vehicle detected ahead of yours and, if the detected vehicle comes to a stop, can decelerate and stop your vehicle.

High Beam Support System (HBSS)

Automatically changes your headlights from low to high on a clear road, and then back to low beam when an oncoming vehicle is detected.

[†]Honda SENSING technologies are driver-assist technologies and should not be used in place of safe driving practices. Drivers should continue to monitor the road at all times. The accuracy and operation of Honda Sensing technologies may vary based on weather, speed, traffic, road conditions, markings and other factors. *For e:HEV LX only. Images used for illustration purposes only.

Taking safety to new heights.

Front and Rear Parking Sensors*

Helpful sensors that let you know how much space exists between you and an object.

Multi-Angle Reversing Camera with Rear Cross Traffic Alert

A three-view rear camera with dynamic guidelines plus a monitoring system that alerts you to approaching vehicles makes reversing out of tight spots a whole lot easier.

Airbags all around you

Front, front-side, full-curtain and knee airbags are at the ready if you ever happen to get into an accident.

Pop-up Hood System

Designed to help to reduce the possible head injuries of a pedestrian if they experience a frontal impact with your vehicle.

*Only available on e:HEV LX

VTi LX

Petrol

Key features:

- 1.5 litre DOHC VTEC Turbo in line 4-cylinder engine
- 131kW @ 6000rpm and 240Nm @ 1700-5500rpm
