BOLD ELEGANCE

The power and appeal of the PEUGEOT 508 immediately catches your eye.

With its low-slung body, tautly drawn lines and muscular, steely style, the PEUGEOT 508 possesses a sleek and innovative spirit. The refined design also boasts premium GT detailing and the latest-generation lighting signature.

Inside, the sophisticated styling continues with a beautifully appointed interior featuring contemporary materials and truly opulent seating trimmed in high-grade full grain Nappa leather¹.

The PEUGEOT 508 is available as a spacious Sportswagon or stylish Fastback with a choice of drivetrains.

1. Leather appointed seats are a combination of genuine leather & synthetic materials for durability and are not wholly leather.

*Overseas model shown

DESIGN & TECHNOLOGY

BESPOKE SEATING COMFORT

Sumptuous wraparound driver and passenger seats impart optimum comfort – with superior ergonomics, multi-point electric adjustment, a multi-point massaging system, driver seat memory and heating in the base and lower back rest. While Active Suspension allows the driver to control suspension by selecting normal, comfort or sport mode.

SAFETY TECHNOLOGY

Featuring an extensive range of technological equipment, the PEUGEOT 508 is fitted with the brand's latest -generation Advanced Driver Assistance Systems that reinforce safety, including Highway Positioning Assist with Lane Keeping Assist, Blind Spot Detection & Advanced Autonomous Emergency Braking.

PERFECT SOUND

The system from premium French Hi-Fi producers FOCAL® boasts pure and detailed sound reproduction for those seeking leading-edge sound quality.

Equipped with ten speakers, the finest acoustics technologies and an output of 515 watts, the PEUGEOT 508 offers crystal clear sound.

Take the controls in the PEUGEOT i-Cockpit™ and experience the very latest in car interior design, with a compact multi-function steering wheel, configurable 12.3" head-up digital instrument panel and 10" high definition touchscreen, any journey, no matter the distance will be a delight.

1. Leather appointed seats are a combination of genuine leather & synthetic materials for durability and are not wholly leather.

PLUG-IN HYBRID TECHNOLOGY

Available in 508 GT PHEV Fastback

PLUG-IN HYBRID MOTOR

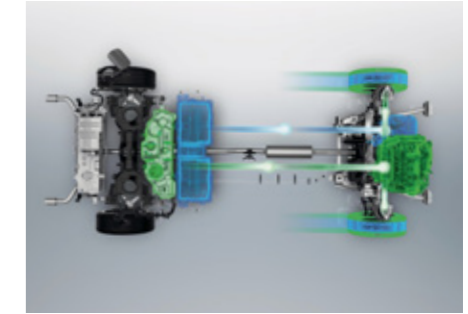

The plug-in hybrid motor provides a powerful, fluid and efficient driving experience in all conditions. Enjoy the versatility of all-electric mode producing zero emissions, a silent performance with reduced vibrations and sharp acceleration thanks to instant engine torque.

The 1.6-litre engine produces a combined 165kW for a rewarding & stimulating driving experience.

e-EFFICIENT AUTOMATIC

The PEUGEOT 508 GT PHEV Fastback is equipped with the new electrified Efficient Automatic 8 speed Transmission (e-EAT8) offering rapid and smooth gear shifts, with the option to manually change gear using the paddles mounted on the steering column.

LITHIUM-ION BATTERY

The 300V high-voltage battery is the Lithium-ion type and is conveniently located under the rear seats to preserve cabin and cargo space.

The battery comes with an 8-year or 160,000 km warranty¹ for 70% of its 11.8kWh capacity.

1. Whichever occurs sooner, from vehicle's warranty start date.

CHARGING YOUR PEUGEOT PLUG-IN HYBRID

Whether home charging or public charging, your PEUGEOT plug-in hybrid is designed to make life easy and to keep your mobile wherever you are.

PRIVATE CHARGING

A Wallbox is PEUGEOT'S recommendation for optimum charging at home.

This method will efficiently charge your vehicle in just a few hours using the cable which comes with your vehicle.

PUBLIC CHARGING

Utilising the expanding network of public infrastructure is an easy way to top-up range on the go, with many easy to use apps available for you on your smart phone.

MYPEUGEOT APP

Use the MyPeugeot app to access your owner's handbook online, check servicing & maintenance schedules, as well as fuel tank levels and odometer readings.

It's also perfect for trip planning - sending that information to your car's built-in navigation - or checking where you parked.

DRIVING RANGE

Enjoy travelling both short and long distances in your PEUGEOT plug-in hybrid, including a driving range of up to 55km WLTP¹ in 100% electric driving mode. Tips to help optimise the driving range of your PEUGEOT:

THE POWER INDICATOR

Monitor energy consumption in real time, using the indicator on your dashboard, for efficient management of your vehicle's driving range.

HYBRID MODE

When in hybrid mode the electric motor and petrol engine work together depending on the driving style and type of road.

REGENERATIVE BRAKING

When you release the accelerator the electric motor act as a generator, slowing the vehicle and recharging the battery.

1. The electric range achieved in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); the starting charge of the battery; variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption, electric range and CO₂ figures.

RANGE HIGHLIGHTS

508 GT FASTBACK

DRIVETRAIN

- 1.6L Petrol Turbo 165kW
- 8-speed Efficient Automatic Transmission (EAT)

TECHNOLOGY

- 12.3" digital driving cluster
- 10" HD touch-screen
- Keyless entry & push button start
- 3D satellite navigation
- Lane Positioning Assist
- Adaptive Suspension System

SAFETY¹

- Autonomous Emergency Braking
- Lane Keeping Assistance
- Blind Spot Detection
- Auto Highbeam
- Adaptive Cruise Control with Stop & Go function

INTERIOR

- Nappa mistral full grain leather seat trim²
- Satin chrome door handles, dash & instrument panel trim
- Leather steering wheel
- FOCAL® premium 10 speaker Hi-Fi system
- Automatic dual zone climate control

EXTERIOR

- 19" Augusta two tone finish diamond cut alloy wheels

OPTIONAL

- Opening panoramic glass sunroof

1. Safety technologies are designed to assist the driver and are not a substitute for safe driving practices. 2. Leather appointed seats are a combination of genuine leather & synthetic materials for durability and are not wholly leather.

508 GT SPORTSWAGON

Additional to GT Fastback Specifications

FEATURES

- Nera black roof rails
- Additional 43 litre boot volume with rear seats up
- Additional 243 litre boot volume with rear seats folded

OPTIONAL

- Opening panoramic glass sunroof

508 GT PHEV FASTBACK

Additional to GT Fastback Specifications

DRIVETRAIN

- Combined power output 165kW
- 1.6L Petrol Turbo 133kW
- Front axle electric motor 81kW
- Electronic 8-speed Efficient Automatic Transmission (e-EAT)

TECHNOLOGY

- Hybrid, Electric and Sport driving modes
- 55km (WLTP³) electric-only driving range
- 11.8kWh Lithium-ion battery
- 3.7kW on-board charger

BATTERY CHARGING & WARRANTY

- Charge to full in approximately 5 hours⁴
- Home charging cable
- 8 years or 160,000km battery warranty⁵

OPTIONAL

- Opening panoramic glass sunroof

3. The electric range achieved in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); the starting charge of the battery; variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption, electric range and CO₂ figures. 4. Charging times are dynamic depending upon a variety of variables, including the starting battery charge, charging equipment and ambient temperature. 5. Whichever occurs sooner, from vehicle's warranty start date.
