

NAVARA

Live life without limits

It's all about confidence. The feeling that whatever you want to do, wherever you want to go, you can count on the Navara to take you there. So get ready to take it to the next level, and make every day an adventure, with capability that opens up a whole new world for you to explore. The Navara is loaded with the tech you need, so you're ready to shift into available 4x4 and cruise rolling dunes or climb up rocky terrain with unmatched capability. Do it all with big, bold style. The Nissan Navara. Geared to excite. Pure, authentic, and ready for whatever comes next.

INTELLIGENT AROUND VIEW MONITOR¹

It's a tight squeeze, but you'll get through without a scratch

The path is so tight, you hold your breath going through. But you know you'll make it, with the Navara's advanced tech on your side. Wheel-scraping boulders? Severe drop-offs? Not to worry. Four cameras give you a 360-degree overhead view of obstacles. Think of it as your own high-tech spotter on board.

Off-road - On rough terrain, the Intelligent Around View Monitor¹ becomes your personal spotter. With a designated off-road mode², at slow speeds in 4 LO it gives you a clear view of the surrounding terrain, so you can see exactly where to place your front wheels.

Trailer Hook-up Having a 360-degree view³ comes in especially handy when connecting to a trailer to help you place your Navara perfectly. It is also great when negotiating a tight parking spot.

Display screens from overseas model shown.

¹Not available on SL. ²Driver's aid only, not a substitute for safe driving. Always monitor your surroundings. ³ST, ST-X & PRO-4X 4WD models only.

Wherever you go, bring a wingman

Just because you don't see them, doesn't mean they're not there. A car in your blind spot, a pedestrian stepping off the curb. Someone zipping by as you're backing out of a crowded parking lot. But you can relax, because whatever comes your way, you've got a wingman on your side.

Intelligent Emergency Braking*

Help if you need it. It monitors your speed and distance between you and the car ahead and can let you know if you need to slow down. It can also automatically engage the brakes to help avoid a collision or lessen the severity of an impact.

Intelligent Blind Spot Intervention*

Change lanes with confidence. This feature keeps an eye on the blind spot area and gives you a heads-up if it detects a vehicle hiding there. If you begin to change lanes, the system alerts you, and can apply braking to help return your Navara to its original lane.

Intelligent Lane Intervention*

Stay between the lines. When lane markings are clear, Intelligent Lane Intervention can detect if you're straying out of your lane and can tap the brakes to help gently guide you back.

Rear Cross Traffic Alert*

Fear no parking lot. When you're backing out of your space, Rear Cross Traffic Alert watches around the rear of your Navara and can warn you about cars it detects creeping up on you from either side.

Intelligent Forward Collision Warning*

Navara is on the lookout when you can't see what's going on up there. Watching two vehicles ahead, when it detects sudden deceleration in front of you, it gives you a warning to slow down.

Intelligent Driver Alert*

Monitors your driving patterns and steering behaviour to detect changes from normal patterns. If inattention is observed, audible and visual alerts are presented.

OFF-ROAD TECH

Climb, crawl, conquer,
and never turn back

You've picked a climb so remote, it isn't even on the map. Now you need advanced tech to make it your own. Slippery stuff? You'll push through like a pro with the Electronic Locking Rear Differential* engaged on 4WD models. Heavy-duty ruts and bumps? You're in complete control as the Navara's long-travel off-road suspension soaks up the big stuff and gives you a smooth ride. So when you're faced with challenging terrain, no worries – with the Navara, it's your playground.

Hill Descent Control[†] Helps make going down steep grades more manageable by automatically adjusting your speed and brake pressure to help keep you going at a controlled speed.

Hill Start Assist[†] When you're on a steep incline, hill start assist helps stop you from rolling backwards for a period of 2 seconds, allowing the driver to release the brake and accelerate.

ADVANCED TECH WITH TRAILER SWAY CONTROL

Escape the city – and get away to somewhere special

When you can bring what you want, where you want, it opens up a whole new world of adventure. Campsite off the beaten path? Easy. The Navara is ready with advanced tech and massive strength, including a fully boxed frame, strengthened rear axle and upgraded brakes for all Dual Cab models engineered for towing. Big trailer? No sweat. With trailer sway control[†] giving you a smooth and straight ride, you might even forget you've got your home-away-from-home in tow.

3,500 KG
Maximum braked
towing capacity[†]

1 TONNE
Payload across the
Dual Cab range[†]

[†]Towing capacity is subject to towbar/towball capacity and is based on the fitment of a Genuine Nissan towbar. Towing capacity figure described is a maximum figure. Actual towing capacity depends on the laden mass of the vehicle, driving conditions, fitment of any accessories or towing equipment limitations including the maximum towball download. The maximum towball download for this vehicle is 350kg. [†]Payload is the GVM minus the Kerb mass. The kerb mass does not include passengers, luggage, cargo, any accessories fitted or any towball download (as appropriate). Payload is distributed across both the front and rear axles, never exceed the GVM or the axle limits. [†]Driver's aid only, not a substitute for safe driving. Always monitor your surroundings.

FULLY BOXED, FULLY CAPABLE

Never bend in the face of adventure

Get axle-deep in fun. The Navara's toughness means confidence you can feel. So go ahead and challenge yourself. Cruise the dunes, crawl over boulders – even ford a stream. With a combination of strength and skill that comes from decades of building authentic off-road utes, the Navara will take you wherever you want to play.

Fully Boxed Frame Unlike some three-sided frames, a fully boxed ladder frame won't twist over uneven terrain. This means more strength, and ultimately, more capability.

5-Link Rear Suspension* the Navara's 5-link rear suspension helps give a smoother ride, even in severe conditions. It also provides a more comfortable ride for those in the back.

Ground Clearance With generous ground clearance and superior approach and departure angles, the Navara is adept at fording ravines, and climbing seriously rocky terrain.

*Available on Dual Cab Pickup models only

TWO POWERFUL ENGINES

Embrace the awesome uphill battles

The challenge ahead is measured in vertical ascent instead of kilometers. And that's the beauty of it. The Navara has the power and torque you need to go where you want, when you want. Aim high, and start climbing.

2.3-L

Intercooled Twin Turbo Diesel

Efficiency and torque in one capable package. With a two-stage turbocharger and an optional quick-shifting 7-speed automatic transmission, you've got the power you need to tow and haul.

FUEL TYPE	DIESEL
FUEL ECONOMY	FROM 7.2L / 100KMS [†]
POWER	140KW @ 3,750RPM
TORQUE	450NM @ 1,500 - 2,000RPM
MAXIMUM TOWING	3,500 KG ^P

2.3-L

Single Turbo Diesel[†]

Legendary power and reliability. Hooked up to a 6-speed manual transmission, you have the efficiency you want, and the responsiveness and control that you need.

FUEL TYPE	DIESEL
FUEL ECONOMY	7.2L/100KMS [†]
POWER	120kW @ 3,750rpm
TORQUE	403Nm @ 1,500 - 2,500rpm
MAXIMUM TOWING	3,500 KG ^P

ST-X Dual Cab model shown

[†]Figures tested in accordance with ADR81/02 (combined test). Figures stated for the purposes of comparison amongst vehicles only. It is unlikely that this fuel consumption figure will be achieved in real world driving conditions. Actual fuel consumption & CO2 emissions depends on factors such as traffic conditions, vehicle condition, how you drive and any accessories fitted. ^{††}Only available on Single Cab Chassis 2WD MT SL and Dual Cab Pickup 2WD MT SL. ^PTowing capacity is subject to towbar/towball capacity and is based on the fitment of a Genuine Nissan towbar. Towing capacity figure described is a maximum figure. Actual towing capacity depends on the laden mass of the vehicle, driving conditions, fitment of any accessories or towing equipment limitations including the maximum towball download. The maximum towball download for this vehicle is 350kg.

UTILI-TRACK CHANNEL SYSTEM[†]

Squeeze the most out of every day

When you can bring all the toys, you can have an extraordinary day. Get up before the sun, load up your toys, grab a big coffee, and find that secret spot you can only reach with a real ute – the Navara is up for it. Mountain biking after that? Rock climbing? No problem – you've got easy access and a big bed to bring what you need, and Utili-track[†] to make sure your gear's locked down and secure. And with the available tubliner[‡] protecting your Navara, you'll protect your loadspace area for many extraordinary adventures to come.

Utili-track Channel System[†] Ideal for securing your cargo, this innovative system consists of two channels – two running the length of the pickup bed – plus four heavy-duty cleats letting you position stable tie-down points anywhere along the channels.

Integrated Bumper Step[‡] With a tub, getting to what you need is vital – especially when loaded. Navara's new integrated bumper step gives you easy access.

ST-X Dual Cab Pickup shown

[†]Genuine accessory fitted to this model. [‡]Only available on ST-X & PRO-4X. [‡]Pickup models only.

Don't just make the scene, be the scene

When heads turn as soon as you pull up, you know it's going to be a great night. You're dressed with style that draws a crowd, thanks to blacked-out trim, tough fender flares for a wider presence and red-accented badges. And when you want to make a quick escape, 17" alloy wheels wrapped in all terrain tyres and Navara's 5-link rear suspension* let you get out of town in a flash.

*Dual Cab Pickup models only

SEAMLESS CONNECTIVITY

Find the nearest trailhead,
or the best DJ in town

Whether it's to beat the crowds – or be part of the crowd – advanced tech is your guide. Apple CarPlay® integration and Android Auto™ let you connect the way you want, and you can even customize the 8-inch touch-screen display like your favorite tablet.

Apple CarPlay® integration, equipped with Siri voice control, brings your contacts, favorite apps, music, maps, and more. Steering wheel controls give you easy access at your fingertips. Simply plug in your compatible iPhone and go.

Android Auto™, can get you where you're going with Google Maps™ as your guide, while Google Play™ Music provides the soundtrack along the way. Choose a song, change your destination, or respond to a text with your hands on the wheel using the hundreds of voice commands using Google Assistant™.

ADVANCED DRIVE-ASSIST DISPLAY

When you're well informed, you're in command

It's easy to be in control of the situation with the Navara's Advanced Drive-Assist Display. Helping keep your eyes on the road with less looking away means you're focused and relaxed whether you're dodging boulders or navigating city traffic. The Navara's 7-inch Advanced Drive-Assist Display puts key information right where you want it. With a quick look down, you can get info on everything including music information and key driver's aid alerts. The inbuilt Intelligent Driver Alert system can even monitor your driving and suggest when you may need to take a break or stop for coffee.

[†]Display from PRO-4X model shown. Information on display varies by grade.

REFINED INTERIOR

Find sanctuary wherever you go

Relax in so much comfort and style, you'll never want to leave. Whether it's a road trip with the crew or date night, you've got upscale accommodations with unique interior trim, and available on PRO-4X; heated front seats as standard, with red-accented logos and stitching. Make those long drives feel short with a quieter cabin featuring fatigue-reducing all day comfort seats and optional[†] leather-accented[‡] trim. With Dual Zone Climate Control^{*} and power adjustable driver's seat, you also have the freedom to tailor your ride just the way you like it.

PRO-4X interior shown. ^{*}Standard on PRO-4X. Optional on ST-X Auto. [†]Leather accented features and upholstery may contain synthetic material. [‡]Only available on ST-X and PRO-4X.

CARGO AND STORAGE

Store it, hide it, lock it, love it

Life can be messy. Navara brings order to the chaos. Tuck things away with a high-capacity glove compartment, a roomy center console, and dedicated storage under the climate control. Keep your electronics charged up with handy USB ports. Nissan innovation is everywhere you look – the cupholders are great for holding drinks, and when not in use the “dogbone” design is perfectly shaped to hold your mobile.

2ND-ROW FLEXIBILITY

Flip it up, or just stretch out and enjoy

Navara maximizes storage inside and out. The rear seats on dual cab models feature under-seat storage to keep things from prying eyes, and can stay flipped up to help carry taller items. The rear seat in Dual Cab models feature a fold-down armrest with integrated cupholders, and have even been recontoured for more support – so your best friend will be comfortable on road trips, too.

PRO-4X interior shown.

NISSAN NAVARA

Everything on the agenda, and nothing off-limits

As soon as you look at your new Navara, your heartbeat gets a little faster. Because you know today's going to be exceptional – everything can be yours for the taking. The day starts with rugged looks that let you stand out from the crowd. But the real fun begins when you point that chiseled nose towards the horizon and hunt down excitement. Bring your friends – you've got plenty of room. Climb a mountain, cruise the desert, hit the beach. With power, capability and advanced tech along for the ride, it's a whole new world – your new world. So gear up for adventure, and get ready to go where you've never been before. This is what it's like to have an authentic ute.
