# RAM ACCESSORIES

Individuality, protection and functionality are the key design pillars when developing a range of accessories for any vehicle. The fitment of accessories will individualise the look of your Ram Truck, while, at the same time, features such as bonnet and window air deflectors provide interior and exterior surface protection to ensure your truck stays in top condition.

Whether you are a 1500 or a Heavy Duty 2500/3500 Ram Truck owner, you each have a unique requirement and expectation of your vehicle. So, to find out how you can add to the functionality of your Ram Truck, or for further information on our range of Accessories, contact your local authorised Ram Truck dealer today.

## WE ONLY MAKE ORIGINAL PARTS.

MOPAR® IS ORIGINAL EQUIPMENT – DESIGNED BY THE SAME PEOPLE WHO MADE YOUR RAM BRAND VEHICLE.

NO ONE UNDERSTANDS THE ENTIRETY OF YOUR VEHICLE'S FUNCTIONALITY AND DESIGN LIKE WE DO.

### + OUR STANDARDS ARE SKY HIGH.

Factory original equipment must adhere to a strict standard of testing. Drive with confidence knowing your Mopar® Parts and Accessories have passed this rigorous testing.

### + WE ONLY USE THE GOOD STUFF.

We only use high-quality materials because we know that our parts and accessories will impact the appearance, durability and value of your vehicle for years to come.

### + WE HAVE IT. OTHERS DON'T.

Only Mopar® has direct, exclusive access to your vehicle's specifications. This information allows us to use an integrated design approach to create precise-fitting parts and accessories.

### + WE DON'T DESIGN PARTS OR ACCESSORIES IN A VACUUM.

We consider the vehicle as a whole when engineering our components. Our parts are exclusively designed to complement your vehicle without compromising its aesthetic, functionality and performance.

### + EASY-AS-IT-CAN-BE INSTALLATION.

Installing aftermarket pieces often requires cutting/drilling into the vehicle body. Most Mopar® Accessories use existing openings and weld nuts for secure installation. This makes the job easier, keeps rust and corrosion away, and helps protect the structural integrity of your Ram Brand vehicle.
