DBX

AN ALL NEW ADVENTURE.

TAKE OWNERSHIP TO A NEW LEVEL

Our first SUV, DBX, is a new kind of Aston Martin, one founded on the principles of design, luxury and driving dynamics. Ready to go anywhere, it's powered by the spirit of adventure.

Built on brand-new architecture, DBX is designed to carry occupants in true Aston Martin style. Brimming with the latest technology to keep you safe, DBX is comfortable, sumptuously luxurious, and will thrill you from the moment you sit behind the wheel.

Our luxury SUV maintains a proud heritage as an Aston Martin DB: the initials belong to David Brown, the man who defined Aston Martin and whose vision continues throughout the company to this day.

We have curated a collection of accessories to help you tailor your DBX, no matter where your next journey takes you. From the Adventure pack, which combines versatile and strong Aluminium Roof bars with Heavy Duty Tread Plates and wet bag storage, to the Expressions Pack which adds extra touches of aluminium and leather in subtle but distinctive areas, DBX becomes a true reflection of your lifestyle.

The increased rim diameter requires a lower profile tyre² (included in the kit) size (285/35R23 front, 325/30R23 rear) giving enhanced steering feel and response. The 23" wheel is the optimum choice for a style conscious or driving focused customer.
