

DBX - Q BY ASTON MARTIN & JWW
NOVEMBER 2020

EXCLUSIVE

TO ASTON MARTIN HWM

ASTON MARTIN

DBX; the first SUV by Aston Martin. Created to embody all of the attributes of this iconic sports car manufacturer whilst delivering a level of luxury and usability never before enjoyed in an Aston Martin.

Q by Aston Martin is the ultimate bespoke personalisation service delivered by the factory. Every product of their division is developed and engineered with incredible attention given to outstanding quality. The Aston Martin design team have worked with Mr JWW to create this stunning DBX, delivering a timeless and elegant theme with some very special features. These Q features include bespoke Valkyrie paint technology, unique hand-crafted bronze Aston Martin badges along with this being the first DBX to be appointed with Alcantara interior.

Mr JWW is an automotive personality, prolific content creator and Sunday Times journalist who has amassed over 130 Million views on his YouTube channel, sharing his experiences of the world's best cars with a global audience of co-drivers. In collaboration with Q by Aston Martin and HWM, James has set out to create the perfect specification production run DBX that incorporates a number of unique features that can only be had when working with Q by Aston Martin. The journey of development has been document by James along the way.

HWM are based in Walton on Thames, just outside of London. They were established in 1938 and can be found in the same building they have occupied since 1948. Starting life as a race car constructor and GP team, HWM have become renowned for selling some of the finest automobiles. As the world's longest serving dealership, they have had the honour of handling some of the rarest and most beautiful Aston Martin's over the last 70 years. Known for their involvement in selling special and limited run models, this project was an irresistible opportunity to support the creation of an exquisite DBX.
