

ALL NEW
S-CROSS

CROSS THE LINE

Life brings new challenges at each stage. You're either ready to take them head-on, or you're left wondering what happened. The all new S-CROSS makes it an easy choice. Bold, confident SUV-styling and intelligent safety performance are just the beginning. Plenty of room for friends, family and gear; with ALLGRIP technology to help you take control of any road. So don't worry about what's coming. Be ready to cross the line.

GREAT LOOKS AND A LUST FOR LIFE

We are often told not to judge by first impressions. But even at a glance, the all new S-CROSS shows its true character. You can tell that it's a tough SUV with loads of presence, featuring oversized upper and lower grilles that command your attention and appeal to your sense of adventure. But as you look a little closer, the subtler details reveal a sense of style not seen before in an S-CROSS. Until now.

AGGRESSIVE SUV STYLING

Making a strong first impression is always important, but making a lasting one is what determines your legacy. The difference is in the details. The more you look, the more you like; and that's what the all new S-CROSS promises.

FRONT AND REAR LED LAMPS

Bursting with vitality, the headlamps and rear combination lamps each feature three LED position lamps for a dynamic impression. The front position lamps also function as daytime running lights.

STYLISTED FRONT GRILLE

The impressive piano-black front grille delivers a dynamic presence that immediately sets the all new S-CROSS apart. The front emblem is set within a chrome-finish bar that contains the power of the grille.

RUGGEDLY BOLD

The square, front and rear wheel arches add character to the exterior styling. Bold, silver garnishes on the front face and rear bumper deliver a strong first and lasting impression that adds to the confident SUV appearance.

INTEGRATED ROOF RAILS

The silver anodised aluminium integrated roof rails are as stunning as they are functional, providing a sharp aesthetic with an aerodynamic smoothness.

ROOM TO MOVE

Even on the inside, the all new S-CROSS is about living large. The spacious cabin feels expansive thanks to a large front window and high side-visibility. Come and see what you've been missing.

DUAL-ZONE AUTOMATIC AIR CONDITIONER

Personalise cabin temperature to match the individual preferences of driver and passenger, so both of you can enjoy the drive in comfort.

PANORAMIC SUNROOF

Double sliding glass panels create an extra-large opening for the panoramic sunroof that can be enjoyed from any seat in the car. Standard on ALLGRIP PRESTIGE.

SPACIOUS CABIN

Ample room in both the front and rear seating areas make it easy to kick back, relax and enjoy the ride.

FRONT SEAT HEATER

Seat heaters with high and low settings for the driver and front passenger, now standard on all S-CROSS models.

Leather

Fabric

SEAT UPHOLSTERY

The elegant and ergonomically-designed leather seats feature real leather on the sides and an intricate tape-weave design in synthetic leather. The fabric seats feature the same design, using an embossed material for the centre panel. Leather available on ALLGRIP PRESTIGE, fabric available on ALLGRIP.

ADJUSTABLE REAR SEATBACK

The rear seatback is adjustable to two settings to increase comfort or maximise cargo space.

CONNECT WITH THE WORLD

Heading out on a new adventure doesn't mean leaving the world behind. The all new S-CROSS features technology and functions that keep you in touch with your car and your lifestyle.

INTEGRATED INFOTAINMENT UNIT

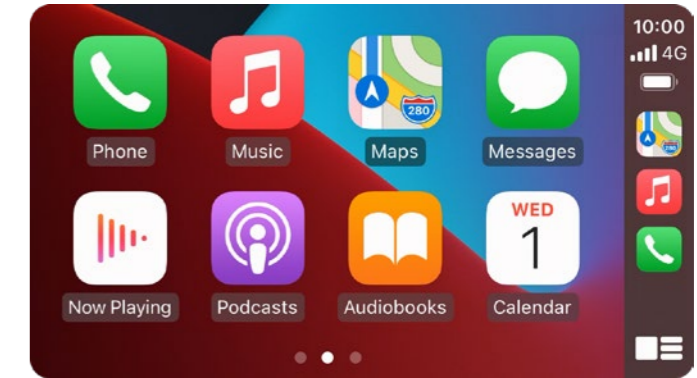

The display audio features the latest in digital convenience, including Apple CarPlay, Android Auto, voice recognition and hands-free Bluetooth calling. Standard features also include radio, iPod and Bluetooth music playback. Keeping you in-tune with the vehicle, it also displays information such as fuel economy, driving range, warnings, rear-view camera and 360 view camera. The ALLGRIP is equipped with a 7-inch WVGA display, while the ALLGRIP PRESTIGE features a 9-inch HD display and on-board navigation system* that even supports voice recognition. (360° view camera available on ALLGRIP PRESTIGE model only).

9-inch display audio on ALLGRIP PRESTIGE

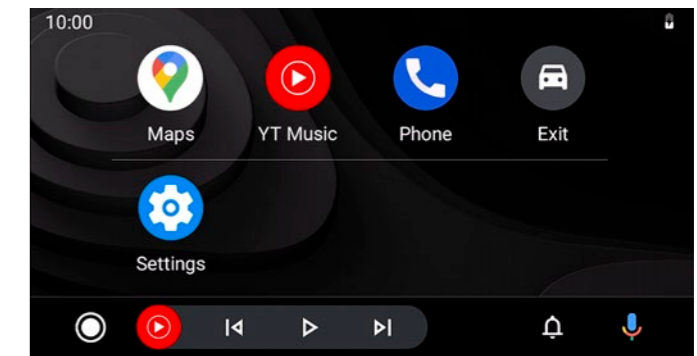

7-inch display audio on ALLGRIP

APPLE CARPLAY®

Apple CarPlay lets you use your iPhone to make calls, access your music, send and receive messages, and get directions all with your voice through Siri or by tapping on the audio display. For more details including iPhone models compatible with Apple CarPlay see: apple.com/ios/carplay. Apple, Apple CarPlay and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries.

ANDROID AUTO™

Android Auto™ extends the Android platform into the car in a way that's purpose-built for driving. It is designed to minimise distraction so you can enjoy driving with Google services like Google Maps and Google Play Music. Get the Android Auto app on the Google Play Store. Most phones with Android 5.0+ work with Android Auto. Visit support.google.com/androidauto for more info. Google, Android, Google Play and Android Auto are trademarks of Google LLC.

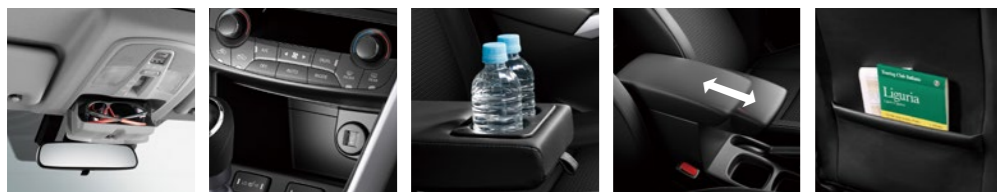

WORK HARD, PLAY HARDER

The all new S-CROSS understands that life is meant to be enjoyed. Whether part of your daily commute or the start of a new chapter in your life, the all new S-CROSS delivers on its promises.

FLEXIBLE LUGGAGE SPACE

The 60:40-split rear seatback and multi-position luggage area board make it easy to accommodate a variety of cargo.

OVERHEAD CONSOLE

The overhead console incorporates convenient map lamps and a sunglasses holder.

FRONT CENTRE CONSOLE BOX

The front centre console box includes a built-in USB port and offers a convenient space to store small items.

REAR CENTRE ARMREST

The retractable centre armrest includes two cup holders for rear passengers.

FRONT CENTRE ARMREST

The front centre armrest position can be adjusted for driver comfort and incorporates a console box for storing small items.

SEATBACK POCKET

A pocket on the back of the front passenger seat conveniently holds maps, books or your tablet.

THE POWER TO MOVE YOU

Getting where you want to go should be as much fun as what awaits when you get there. An innovative combination of power, efficiency and control ensure that the all new S-CROSS experience is a memorable one.

1.4L BOOSTERJET ENGINE

The all new S-CROSS is powered by a torque-full 1.4-litre, BOOSTERJET direct-injection turbo engine. The intercooled turbocharger forces pressurised air into the cylinders, maximising torque at low rpm. The direct injection system optimises amount, timing and pressure of fuel for enhanced performance and efficiency. And thanks to the electric intake variable valve timing (VVT), cooled exhaust gas recirculation (EGR) and high compression ratio, further efficiency is achieved.

6-SPEED AUTOMATIC TRANSMISSION

Wide gear ratios deliver excellent acceleration, even from standing starts. And more importantly, they reduce fuel consumption when you are cruising at high-speed.

FOR CROSSING ANY ROAD

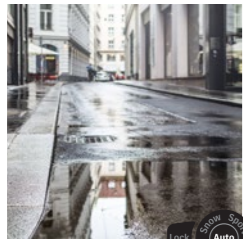

The all new S-CROSS is an all-around SUV, putting you in control in any driving situation thanks to ALLGRIP Select—Suzuki's proprietary 4WD technology that gives you the ability to take on any road.

ALLGRIP SELECT

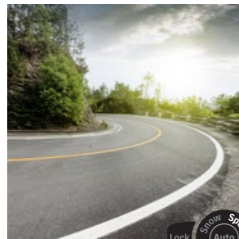

FOUR SELECTABLE MODES

Four easily-selectable modes let you choose the 4WD setting that best matches your driving conditions. Just choose and drive with the confidence that ALLGRIP Select is on the job.

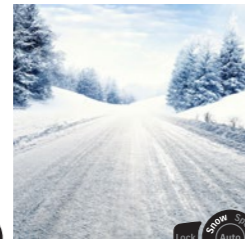

AUTO

Prioritises fuel economy in typical driving conditions, only switching to 4WD when slippage is detected.

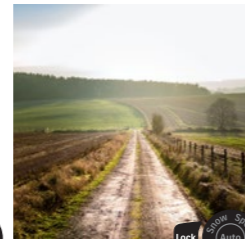

SPORT

Increases cornering performance by allocating additional torque to the rear wheels. Sport mode also optimises accelerator-torque characteristics to increase engine response.

SNOW

Provides excellent stability and enhanced traction—especially during acceleration—on snow, unpaved or other slippery surfaces.

LOCK

This mode delivers maximum torque to the wheels to get you out of sticky situations such as deep snow, mud or sand. Automatically switches to Snow mode at 60 km/h.

MORE EYES ON THE ROAD

Being a careful driver entails keeping your eyes on the road and staying focused on what's happening around you. Thanks to a range of cameras and sensors, the all new S-CROSS makes your job a whole lot easier.

SUZUKI SAFETY SUPPORT*

Suzuki is committed to providing safety and peace of mind for a range of driving situations. One of the most important aspects of a comfortable and stress-free ownership experience is confidence in both your car and your driving. Suzuki Safety Support makes driving your all new S-CROSS both safer, and more enjoyable.

DUAL-SENSOR BRAKE SUPPORT (DBSB)

When in forward motion, the monocular camera and the laser sensor determine if there is a risk of collision with a vehicle or pedestrian. Upon detecting a potential collision, DBSB delivers a warning or implements automatic braking, depending on the situation.

LANE DEPARTURE WARNING

When driving at 60 km/h or faster, the monocular camera detects the left and right white lane markers and alerts the driver with a warning sound and an indicator light when it determines that the vehicle has strayed out of its lane.

WEAVING ALERT

At 60 km/h or faster, the weaving alert function calculates the driving pattern and issues audio and visual warnings if the vehicle is straying due to driver drowsiness, or other reasons.

ADAPTIVE CRUISE CONTROL WITH STOP & GO

On top of the Adaptive Cruise Control, the Stop & Go function assists in accelerating and braking for the driver whilst maintaining a safe distance from the vehicle in front. The Adaptive Cruise Control with Stop & Go can even brake the car to a full stop behind a preceding vehicle and provide the driver with additional support, for example in traffic jams.

BLIND SPOT MONITOR

When the indicator is turned on and there is a vehicle detected in a blind spot, the indicator will flash rapidly along with a warning sound to make lane changing safer. Blind spot monitor detects vehicles in or approaching the rear blind spots on either side of the vehicle.

HILL HOLD CONTROL

The hill-hold control function makes hill-starts easy by preventing the vehicle from rolling backward when the driver moves his or her foot from the brake pedal to the accelerator pedal.

*There is a limit to the ability of cameras and sensors to detect obstacles, lanes and traffic signs. Please do not rely on this system alone. Always drive safely. Vehicle-to-vehicle distance varies depending on vehicle speed.

WATCHING OVER YOU

You never know when lighting will strike, so it's good to know that the all new S-CROSS features the latest technology for assisting you in any type of driving situation.

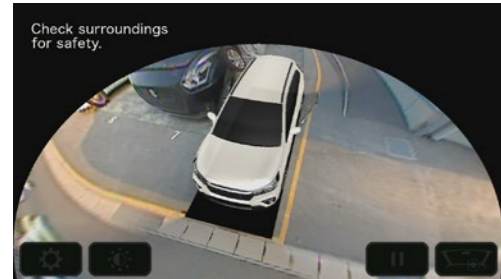

REAR-CROSS TRAFFIC ALERT

This function helps you avoid collisions when, for instance, backing out of a parking space. If the sensors detect a vehicle approaching the rear blind spots, a warning sound, a flashing side-mirror indicator and a notification in the multi-information display will alert you to the situation.

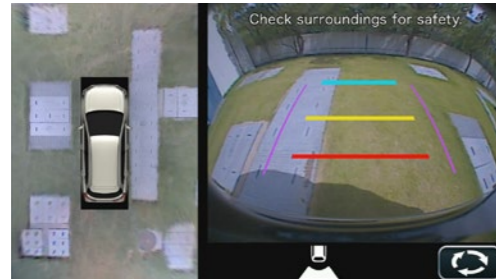

360 VIEW CAMERA*

The 360-degree view provides added safety and convenience. It uses four cameras (front, rear, left and right) to offer a variety of views, including 3D view for safe starts, and top view for safer parking.

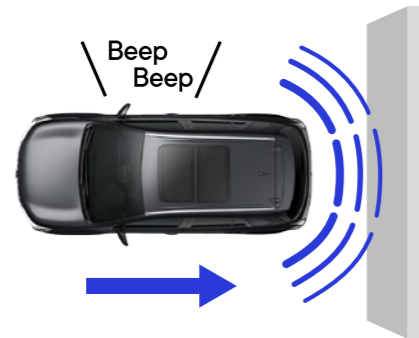

3D View

Top View

FRONT AND REAR PARKING SENSORS

Ultrasonic sensors in the bumpers detect obstacles and warn the driver with sounds and graphics on the multi-information display.

*Available on the 9-inch display audio, which is standard on the ALLGRIP PRESTIGE. The 360 view camera does have some blind spots and is not a replacement for safe driving. Please do not rely on this system alone. Always drive safely.

S-CROSS ALLGRIP

S-CROSS ALLGRIP

- 1.4L BOOSTERJET direct-injection turbo engine
- ALLGRIP 4WD technology
- 6.2L per 100km fuel economy*
- 6-speed automatic with paddle shifters
- 7-inch multimedia touchscreen with satellite navigation, DAB radio, Apple CarPlay® and Android Auto™
- Bluetooth® & iPod® USB connectivity with steering wheel audio controls and voice control
- Reverse camera
- 4 x speakers, 2 x tweeters
- Adaptive cruise control
- Heated front seats
- 430 litres boot space
- Electronically folding door mirrors with heater
- Dual-zone digital climate control
- Keyless entry & start system
- Front & rear armrests
- Seven airbags
- ESC, ABS, EBD & BA
- Autonomous Emergency Braking†
- Lane Departure Warning‡
- Weaving Alert‡
- Blind Spot Monitoring
- Rear Cross Traffic Alert
- Front & rear parking sensors
- 17" alloy wheels
- Daytime running lights
- Front fog lights
- Automatic LED headlights
- Rear privacy glass

S-CROSS ALLGRIP PRESTIGE

S-CROSS ALLGRIP PRESTIGE

—adds the following features over S-CROSS ALLGRIP:

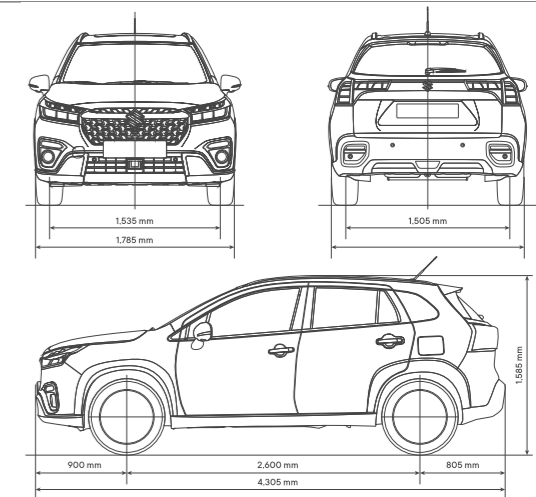

- 9-inch multimedia touchscreen with satellite navigation, DAB radio, Apple CarPlay® and Android Auto™
- Wireless Apple CarPlay®
- Panoramic sunroof
- Leather-accented seats
- 17" polished alloy wheels
- 360 view camera

CONFIGURE YOUR DREAM CAR WITH SUZUKI'S CARFIGURATOR

Nothing is better than video games. Except Suzukis.

Well, with *Setup: The Game*, you can have both at the same time.

And now all the Suzukis are unlocked, so all your favourite characters are fully playable and fully buyable.

You can now design your dream Vitara, Swift, Swift Sport, Ignis, Jimny or S-Cross. Rack up points. Pick up in-game achievements. Then buy your Suzuki creation and drive it in real life.

And the best part? It's free to play.

So what are you waiting for?

Pick your Suzuki. Make it your own. Then make it really your own. By buying it.
